Summary

Former Document Controller at Imdaad who discovered a strong passion for web development and transitioned into a career as a certified Python & Django Developer from Illinois Institute of Technology. Skilled in building dynamic, user-focused web applications with modern frameworks and backend technologies. Seeking opportunities to apply technical expertise and creativity in web development projects while continuously enhancing skills and delivering impactful solutions.

Skills

- **Languages:** Python, JavaScript, HTML5, CSS3 (Basics: PHP, C, C++)
- **Frameworks & Tools:** Cursor AI, Django, Django REST Framework, Git, GitHub, VS Code, Bootstrap, Heroku
- **Databases:** MySQL, SQLite
- **Core Competencies:** Backend Development, AI-Assisted Development, API Integration, Authentication Systems, Database Design, Problem Solving, Team Collaboration
- **Key Skills:** Communication & Collaboration, Adaptability & Quick Learning, Time Management & Organization, Critical Thinking & Problem Solving

Projects

Perfume Store (Python/Django with Cursor AI)

- Developed a complete e-commerce platform using Django and AI-assisted development tools.
- Implemented product catalog management, categories, shopping cart, and order processing.
- Built secure user authentication and authorization features.
- Designed responsive user interfaces using Django templates.
- Optimized development workflow using Cursor AI for faster implementation and debugging.

E-Learning Website (Python/Django)

- Developed an online learning platform with course management and student enrollment.
- Implemented role-based dashboards for Admins, Teachers, and Students.
- Integrated quizzes, examinations, automatic grading, and certificate generation.
- Added multimedia support including video and PDF content.
- Developed REST APIs using Django REST Framework for future mobile integration.
- Built responsive frontend interfaces using HTML, CSS, and Bootstrap.

Hospital Management System (Python/Django)

- Developed a comprehensive healthcare management application.
- Implemented patient, doctor, appointment, and billing modules.
- Created role-based access controls for different user types.

- Built appointment scheduling and medical records management systems.
- Implemented secure data handling and authorization mechanisms.
- Developed billing and invoice generation functionality.

ECommerce Website (Python)

- Built an online shopping platform with product catalog and cart management.
- Integrated MySQL database for efficient data storage and retrieval.
- Developed modular backend architecture for scalability.
- Implemented secure transaction workflows and error handling mechanisms.
- Added wishlist and shopping cart functionality.

Certifications

- **Illinois Institute of Technology (via ENTRI ELEVATE, Kochi) – Certificate & Digital Badge in Python & Web Development (Jan 2025)**
Earned through Entri Elevate's international program in collaboration with Illinois Institute of Technology, validating skills in Python, Django framework, and web application development.
- **Python Programming Professional Course – ENTRI ELEVATE, Kochi**
Completed structured training in Python fundamentals, problem-solving, and real-world project development.
- **Full Stack PHP Development – BAABTE System Technologies Pvt. Ltd, Calicut**
Hands-on training in backend and frontend development with PHP, MySQL, and related web technologies.

Work Experience

Document Controller – Imdaad, UAE (Nov 2022 – May 2023)

- Managed project documentation and records in compliance with company standards.
- Maintained accurate document control systems and filing structures.
- Coordinated with multiple departments to ensure timely document distribution.
- Improved document accessibility and workflow efficiency.
- Ensured compliance with organizational and project documentation requirements.

Education

- **Bachelor of Science (B.Sc.) in Computer Science**
Nasra College of Arts & Science, Calicut University

Additional Information

- **Spoken Languages:** English, Malayalam
- **Date of Birth:** 19th Feb 1998
- **Gender:** Female
- **Religion:** Muslim
- **Marital Status:** Married
- **Passport Number:** R7375898
- **Visa Status:** Visiting Visa
